PARENT TIPS

Read the key point from the Sunday school class your child(ren) attended. Use the Table Talk questions to start a discussion around the dinner table during the week. The Living Faith activity will give your family a glimpse of what it was like when God's presence filled the temple. The Extra Mile takes your family on a digital video tour of Solomon's temple. Plus, you can get more familiar with Proverbs.

GET THE POINT

God made Solomon a wise leader. God can make me wise, too.

TABLE TALK

- God appeared to Solomon in a dream and offered to give him anything he asked for. If God gave you the same offer, what would you ask for?
- Solomon asked for wisdom, so he could be a good king. Do you think that was a good request?
- God liked Solomon's answer so much that he gave him wisdom, fame, and money. What's the best reward you've received for a good answer?
- If you could ask your parents to give you one thing, what would it be?

LIVING FAITH

This activity requires a 20-ounce plastic bottle, warm water, vinegar, and baking soda. It's best to complete this activity outside or in a sink. As you watch the baking soda and vinegar react and fizz out of the bottle, think about what it would've been like to watch God's presence come down and fill the temple.

Start by putting about two tablespoons of baking soda in the bottom of the bottle. Quickly add $\frac{1}{2}$ cup of vinegar and $\frac{1}{4}$ cup of warm water. Step back and watch the bottle fill with foam that bursts out of the top.

When Solomon prayed for the temple, God's presence came down. Second Chronicles 7:2 says, "the priests couldn't enter the temple of the Lord. His glory filled it." Can you imagine God's tangible presence filling a building? It was so powerful that people who witnessed it dropped to their knees and worshiped God.

For a bonus activity after discussing God's powerful presence at his temple, get a plastic zipper bag to demonstrate that God's glory can't be contained. Be careful as the bag will explode and may create a mess.

This time, put a couple of tablespoons of baking soda in a paper towel and fold it up. Pour ½ cup of vinegar and ¼ cup of water into the plastic zipper bag. Drop in the paper towel and quickly zip the bag closed. Give a quick shake to start the reaction, then put the plastic bag on the ground and step away. The bag should puff up and pop with a loud bang.

EXTRA MILE

Idea #1: Money wasn't an issue for Solomon. God blessed him with such vast riches that the Bible says silver had little value in Solomon's kingdom and that the king drank out of a gold goblet. So when Solomon built God's temple, he spared no expense.

Even though Solomon had 180,000 workers and 4,000 supervisors on the project, the temple took seven years to complete. It was one of the most majestic structures of the day. Nearly 500 years after the Israelites left Egypt, God's temple was complete.

Take a digital video tour of the temple by going to YouTube. Read 1 Kings 6 as you watch: www.youtube.com/watch?v=IFnWTz-7I0E.

- **Did anything stand out to you in the video?**
- **Is there any part of the description of the temple that seems especially majestic?**
- **How does Solomon's temple compare to your church?**
- **Does God's presence still fill buildings today? (Look at Matthew 18:20 for an answer.)**

Idea #2: Read the Proverb that mirrors today's date. (So if it's the 10th, read Proverbs 10.) After you're finished, have each family member discuss her favorite verse from what was just read. Encourage each person to memorize one verse from Proverbs. Try this for one day or do it all week!
